RESEARCH AND INDUSTRY EXPERIENCE

Amazon AI, Santa Clara

Summer 2022

Applied Scientist Internship

Advisor: Erran Li

Worked with the human-in-the-loop team at Amazon AWS AI, on learning from rich human feedback to improve reasoning in language models.

NYU, Machine Learning for Language Lab

2020-Present

Research Assistant

Advisor: Prof. He He

Broadly working in robustness of Natural Language Understanding models.

IIT Bombay, CSALT Lab

2018-2020

Undergraduate Research Assistant

Advisor: Prof. Preethi Jyothi

Worked on multiple projects including cross-lingual question generation, accented speech recognition, and learning with noisy label (Thesis)

University of North Carolina, Chapel Hill, NLP Lab

Summer 2018

Research Internship

Advisor: Prof. Mohit Bansal

Worked on building interpretable models for multi-hop reading comprehension (published at ACL 2019)

NEC Labs, Princeton

Summer 2019

Research Internship

Advisor: Dr. Christopher Malon

Worked on building explainable models for natural language inference

TEACHING EXPERIENCE

CS2590: Natural Language Processing

Spring 2023

New York University

Teaching Assistant with Prof. He He. Involved in teaching sections, creating homeworks, advising and grading projects.

NYU AI School

Jan 2021

New York University

Teaching Assistant for a week-long winter school on machine learning for early year undergraduates and underrepresented groups in CS.

CS726: Advanced Machine Learning

Spring 2020

Indian Institute of Technology, Bombay
Teaching Assistant with Prof. Sunita Sarawagi.

SERVICE	Program Committee: Workshop on Efficient Benchmarking in NLP, ACL 2022 Reviewer: ACL2023, EMNLP 2022 ; Workshop on Spurious Correlations, Invariance, and Stability, ICML 2022 ICML 2023
RELEVANT COURSES	Advanced Machine Learning, Automatic Speech Recognition, Foundations of Intelligent and Learning Agents, Optimization, Deep Learning.
